

Our Intimacy

6: Our Intimacy

Physically Speaking (section 2 of 2)

It gives him blissful pleasure to...

- ♥ *snuggle, kiss, and hug*
- ♥ *just hold me*
- ♥ *give me a massage*
- ♥ *show his affection in many ways*
- ♥ *hold my hand while we're watching TV*

...and out in public he...

- ♥ *likes to hold hands and walk arm-in-arm*
- ♥ *likes to touch and is very affectionate*
- ♥ *prefers to save his affection for private moments*
- ♥ *shows affection with loving looks and smiles*

He delights in my body and sees me as

_____ (a goddess, a seductress, a beloved lover, sensual and feminine, sexy and voluptuous, etc.) ...and he is

_____ (a super hot kisser, gentle, sensitive, attuned to my needs, romantic and tender, a fantastic lover, sensual and sizzling, etc.).

Physically, what turns him on about me are my

_____, _____ and _____ (eyes, lips, smile, legs, fit body, curvaceous body, voluptuous body, petite body, statuesque body, etc.) and most important he loves and accepts me as I am.

What really worked for me when we first met is that:

- ♥ *we agreed to just have fun and get to know each other before getting serious*
- ♥ *we both wanted to become friends before having sex (making love)*
- ♥ *we both felt free to express ourselves sexually without constraint or rules*
- ♥ *he accepted my decision to hold off on sex until we had a*

committed relationship

♥ *we agreed to reserve our intimate passion for marriage*

When it comes to making love, we *(love to linger in bed, have amazing chemistry, are adventurous and experimental, make it a high/low priority, are passionate and romantic, spontaneous, have lots of foreplay, prefer to just cuddle, can take it or leave it. etc.)* and we are completely compatible.
